Why Azalea Health?

It's not complicated.

- **Get it all** - With our Azalea RCM billing solution get Azalea EHR free.
- **Get paid faster** - With an integrated clinical and billing system your practice runs smoother.
- **Easy data conversion** - We make the transition easy.
- **Cloud-based** - You don't have to worry about hardware or software so you can focus on your patients.
- **Azalea Patient Portal** - Helps your patients to be more engaged in their healthcare.
- **Meaningful Use Dashboard** - Avoid penalties by monitoring your status.
- **Specialties** - Create custom templates to meet your work flow and your patients' diverse needs.

Azalea® EHR

We make the transition easy.

If you're uncomfortable with using EHR or with your current EHR, we make the transition easy. Just ask our users and they will tell you they have no regrets moving to Azalea Health. With direct access to our experienced team for training and support, the ability to integrate easily with third party systems, custom templates library, and easy secure access to patient records, we actually help you improve patient care. We simplify how physicians and administrators manage their patients and their business.

Azalea® RCM - Billing Services

Azalea EHR is free with Azalea RCM.

Revenue Cycle Management (RCM) and Accounts Receivable (A/R) are the most important functions in keeping your practice running smoothly. Our team of billing experts is dedicated to helping you to increase your claims and billing efficiency. Our billing team stays informed on the latest requirements, and they do what it takes to help you get paid faster. We manage the insurance companies and explain bills to your patients. When your revenue cycle is secure, you can focus better on your patients' care.

Free Azalea EHR and Azalea PM – With an integrated clinical and billing system your practice runs smoother and gets paid faster.

Complete accounts receivable functionality – Get all the features you need to manage your accounts efficiently – from electronic claims submission and reimbursement accounting, to patient invoicing and physician contracting and credentialing.

Reduce denials – By managing your claims we help to reduce denials and errors so you can get faster, more accurate payments.

Increased collections – More efficient A/R translates into increased collections as much as 10% - 30%.

Detailed billing reports – Get the data you need to make more informed practice decisions.

_____ end of a
complete thought.

Episode 1. Divorce Ring / Kelby Clark

In this episode we sit with Kelby Clark of **Divorce Ring**. We discuss Kelby's writing process, the gear he uses live and in recordings, his love of synthesizers, touring, diy culture, and local scenes.

Kelby Clark is a Valdosta native and noise maker. He has been a part of the local music scene for several years now and his new venture is Divorce Ring where he explores dark ambient industrial aesthetics.

About.

Contact.

Hey there, my name is Alan Sifuentes and this is a super new project I'm starting. This will be the home of a podcast about musicians (for now just Valdosta, GA locals) and we talk about getting into music, starting bands, touring, gear, and other DIY music culture stuff. I hope to finish recording and editing by mid January 2017 and start releasing episodes weekly in mid February, so stay tuned! Check out the Facebook Page for updates. Thanks!

Oh hey also, are you interested in sponsoring an episode or future ones? If so, please reach out via the Facebook page or email
